ABOUT ME

I have been a Primary Teacher for 5 years, however am looking to broaden my horizons and take the next step in my career with my computer programming knowledge. My passion for learning has inspired me to gain new skills, through a Cert IV in Programming and other online courses via Udemy. My next goal is to secure an internship in the technology industry to further develop my skills and nurture my curiosity and passion. Visit my profile to learn more about me and access my projects.
